Vue – Virtual University of Edinburgh

A multi-disciplinary virtual organisation
exploring the potential of virtual worlds for
e-learning, research, collaboration & outreach
related to the University of Edinburgh

http://vue.ed.ac.uk

Welcome to THE VIRTUAL UNIVERSITY of EDINBURGH

The Vue group is a virtual educational and research institute bringing together all those interested in the use of virtual worlds for teaching, research and outreach related to the University of Edinburgh.

[Plan, Current Status, Current Map, Aerial Photo, Processes&Guidelines, Tutorials, 4 page PDF Handout, PowerPoint Presentation]
[Vue Mailing List - University of Edinburgh staff, students and visitors may join. Send a request to Austin Tate.]

Heriot Watt University is a neighbour of Vue

Last changed Nov 28, 2007 15:01 by Austin Tate

We welcome our colleagues at Heriot Watt University who now have a region to the North of Vue. It will be used initially to teach multimedia to 4th Year and MSc students.

Next Steps

- Greater use of Vue Wiki, Vue Web becomes Simple Portal
- Externally managed and dynamically generated content
- Multiple Virtual Worlds & Locally hosted regions/grids
- Rich Media Usage & 24/7 Vue TV, Vue Radio
- VATAR – Training events, tutorials, etc
- VRPA Democratisation process – mid-2008
- Further Vue Community Workshops
